### 'Digital Workflow & Tooling for the Implant Restorative Practice'

#### Course Overview:

This course focuses on digital products, equipment and workflow to achieve a more consistent and agile restorative practice. From the predictability of a screw retained restorative technology to the awesome flexibility of the 3D printing, this program aims to level up practitioners understanding of intraoral scanning, 3D printing and Nobel Procera Lab solutions.

#### Courses Objectives:

- Review the 7 elements of a successful collaborative implant case
- Discuss rationale for use of the screw-retained vs. cemented restorations
- Demonstrations use of intraoral scanning for pre-workflow
- Learn about using SpringRay 3D printers in general practice
- Scanning Tips: Tips for managing dental implants in intraoral scanning
- Review the economics of 3D printing
- Introduce the use of DXT Studio software by the restorative doctor to create restoration driven outcomes
- Introduce NobelProcera ASC screw-retained anterior abutment/crown
- Demonstrate immediate temporization techniques to preserve soft tissue contours in the anterior during the healing period.

Dr. Mike Mees is a 1997 graduate of the University of Texas Health Science Center San Antonio-School of Dentistry. His class was the first undergraduate dental class to receive training in implant dentistry. Because of this fortunate timing implant dentistry has been a part of his practice from day one.

### HANDS ON—'Intelligent Simplification of Direct Composites Techniques for Predictability, Esthetics & Profitability'

In the past several years there have been improvements in composite and adhesion technologies. These new technologies enable clinicians to place the majority of their direct composites with a simplified bonding and composite technique.

Techniques will be presented, demonstrated, and practiced to restore a Class-II and a Class-IV restoration in this HANDS-ON course using step-by-step clinical procedures.

#### Learning Objectives:

- Discover a simplified shade mapping system to efficiently choose the value, shade and surface characteristics of any resin restoration
- Learn the benefits of direct resin restorations over other alternatives and discover the advantages of new resin materials
- Understand techniques to simplify layering and achieve natural polychromicity in as little as two shades
- Eliminate post-op sensitivity easily and predictably
- Efficiently and predictably restore multiple Class II posterior composites and a Class IV anterior
- Simplified placement, finishing and polishing techniques

**Dr. Michael Morgan**, has over 25 years of teaching and 37 years of practice. Often referred to by his colleagues as "the Michelangelo of dentistry."

### 'Piecing Together Your Insurance Dental Puzzle'

Dealing with insurance can often be puzzling...let's discuss the essential pieces of putting YOUR insurance puzzle together.

- **COMPREHEND** - dental insurance—what is it?
- **LEARN** - importance of credentialing and follow up.
- **KNOW** - decision process for going in/out-network.
- **UNDERSTAND** –importance of negotiating ins. fees.
- **REALIZE**- importance of having the right team member in place for successful insurance outcomes.
- **DETERMINE** - which business reports to run and how to use them effectively. Are you hitting the mark?

#### Course #2 'Dental Datapalooza'

In this interactive course, we walk you through how to use data to empower your dental team. Of course, every dental practice cares about growth. How they define it and how they achieve it are unique to each practice. Kay will highlight what systems/processes work best for your practice, and identify where the biggest growth opportunities can be found. Data isn't just numbers and reports. The real power of data is discovering the opportunities and knowing what to do about it.

- Learn how analyzing, tracking, and focusing on certain areas of your practice will help you "move the needle."
- Interpret KPI secrets from the top 10% of practices: Growth vs. Attrition!
- Learn effective communication and team-building skills: your team wants to be coached, not micromanaged!

It was over 30 years ago that Kay began helping teams as a Dental Practice Coach, and she has proudly been the driving force for hundreds of practices to reach and exceed their professional goals. As Benco's Practice Solutions Ambassador, Kay is passionate about her work and carries a strong background in dental business systems, team motivation, leadership, and practice profitability.

## Dr. Todd Snyder

Thursday, October 9, 2025

### 'Aesthetics & Occlusion'

#### Learning Objectives

- Understand how to diagnose & sequence treatment to have the best aesthetic and occlusal outcome.
- Know when occlusal problems are present and how to address them so that the condition is not worsened

- Understand what types of restorative material to use based on their material properties
- Eliminate adjustments at cementation
- Fast and efficient temporaries every day
- Simplified impression techniques
- Cementation of indirect restorations

#### Course #2 'Leveraging AI to Enhance the Dental Practice'

In this engaging lecture, we delve into the fascinating realm of dentistry's future, where cutting-edge technology and artificial intelligence converge to transform patient care and dental practice as we know it. We'll explore how AI is revolutionizing diagnostics, treatment planning, and patient management, offering dentists a powerful toolkit to enhance their clinical decision-making processes. From image analysis and predictive modeling to patient communication and administrative tasks, AI is making its mark in every facet of dentistry. Join us as we unravel the potential of AI in dentistry, discussing its integration into everyday practice and the myriad benefits it offers.

- AI assisted diagnostic capabilities.
- How to simplify the front office with AI integrations.
- Marketing simplification through AI adaptations.

Dr. Todd C. Snyder received his doctorate in dental surgery at the UCLA School of Dentistry and trained at the F.A.C.E. institute for complex gnathological (functional) and temporomandibular joint disorders. Dr. Snyder is the 77th Accredited Fellow of the American Academy of Cosmetic Dentistry and is a Fellow of the International Academy of Dental Facial Esthetics. He is also a member of the American Society for Dental Aesthetics and a Diplomat of the American Board of Aesthetic Dentistry.

*Excellence has become our tradition ...*

Dear Colleagues in Dentistry:

Corydon Palmer Dental Society's Continuing Education Committee is proud to announce the presenters for our 2025 CE season. Each of our four programs features outstanding speakers sharing the kind of experience and knowledge that will benefit our members, staff, and ADA colleagues.

Our long tradition of CE programming features presenters who have enhanced our reputation as a provider of quality CE programs. Our programs will cover topics of contemporary concern: **'Digital Workflow & Tooling for the Implant Restorative Practice'**, **HANDS ON—'Intelligent Simplification of Direct Composites Techniques for Predictability, Esthetics & Profitability'**, **'Piecing Together Your Insurance Dental Puzzle'**, **'Data Dentalpalooza'**, and **'Aesthetics & Occlusion'** **'Leveraging AI to Enhance the Dental Practice'**.

We can all benefit from the richness of knowledge in these programs.

Your support has enabled us to offer our CE workshops at bargain prices. Corydon Palmer members and other **ADA members can purchase the entire series for only \$795 if paid by January 1. After that the cost will be \$825. Nonmembers may purchase the series for \$925.** It's easy to see the benefits of series membership, as the cost for each of the four courses on an individual basis will be **\$290 for CPDS and ADA members, \$340 for nonmembers. Staff and spouses are \$65 and residents/retired members who receive no income from dentistry are invited to attend for \$45 per course.**

Those who attend the full series will earn more than the required hours of CE training for the year. *Please note: speakers and/or topics may change for reasons beyond our control.*

**Please note that this year's courses will ALL be held at Waypoint/Marriott in Canfield, Ohio; directions are on the back of this brochure.** We urge you to join us for some of the finest CE courses in the state and beyond!

Best regards,

The Continuing Education Committee

Corydon Palmer  Dental Society  
since 1913

Approved PACE Program Provider  
FAGD/MAGD Credit  
Approval does not imply acceptance by a state or provincial board of dentistry or AGO endorsement

### Registration Information

All meetings will take place **Waypoint/Marriott, 4180 Westford Place, Canfield, Ohio 44406** from 8:30 a.m. to 4:00 p.m. Registration begins at 8 a.m.; lunch is included in the seminar fee. For more information, email Corydon Palmer Dental Society at [director@corydonpalmer.org](mailto:director@corydonpalmer.org).

#### How to reach Waypoint/ Marriott from:

**Pittsburgh and points East:** Take I-279 and I-76 W to OH-7 N in Beaver Township. Take exit 232 from I-76 W. Merge onto OH-7 Turn left onto W Western Reserve Rd. Turn right onto Tippecanoe Rd. Turn left onto Kyle Ridge Pointe. Turn left onto Westford Pl.

**Cleveland and points West:** Continue on I-77 S. Take I-80 E to US-224 E/E Main St in Canfield. Take exit 34 from OH-11. Follow US-224 E and turn right to Westford Pl to your destination.

**Ashtabula and points North:** Continue on OH-11 S to Canfield. Take exit 34 from OH-11. Follow US-224 E and turn right onto Westford Pl to your destination.

**Columbus and points South:** Take I-71 N, US-224 E and I-76 E to US-224 E/E Main St in Canfield. Take exit 34 from OH-11. Follow US-224 E and turn right onto Westford Pl to your destination.

**Waypoint/Marriott Phone No.: (330) 533-6880**

**Continuing Education Credit:** Corydon Palmer Dental Society is an approved sponsor of the Ohio State Dental Board and the board will accept 6 hours toward the continuing education requirements for all courses. These courses are also accepted by the Academy of General Dentistry for continuing education credit.

**Please note:** Corydon Palmer Dental Society works hard to identify and select top-quality speakers. We sincerely hope all courses will be interesting and enjoyable for all. However, please understand that CPDS cannot be held responsible for content and cannot issue refunds to participants who are disappointed with a course or speaker.
